Membership Frequently Asked Questions

Who is eligible to join SWGA?

The SWGA welcomes all women golfers with a current USGA Handicap Index of 40.4 or under.

What if I don't have a GHIN number or an established handicap?

If you do not have a GHIN number, here is the process for establishing a USGA Handicap Index. Provide to SWGA a record of five (5) 18-hole scores and attach the score cards or scoring record.

Can I play with the group while I am establishing a USGA Handicap Index?

Yes. To participate in weekly competitions, dues must be current and a limit of an adjusted course handicap of 40.0 will be used. Once you have joined SWGA, if you do not as yet have the necessary score cards in which to establish a handicap, you may still play on a play day and those scores will be posted, however you will not be eligible for any prize money until the handicap is established.

How will I pay for golf on an SWGA play day?

SWGA members either have a Sunriver Resort Pass or a Sunriver Player's Card or belong to the Crosswater Club. For information on how to purchase a pass, go to the Sunriver website: <http://www.sunriver-resort.com/golf/sunriver-golf-membership>

An additional game fee of \$3.00 will be charged on the play day, prior to competition, for everyone who chooses to participate in the competition.

How will I sign up for a weekly play day?

An e-mail reminder will be sent out the Friday before play with a link to the Weekly sign-up page.
