*Traditions*TM
*Bringing generations together
for generations.*

A dandy holiday celebration with over 150 family events from Thanksgiving through New Year's Day at Sunriver Resort

The mission of New Generations Early Childhood Development Center is to provide quality and affordable childcare in a safe, caring and stimulating environment that promotes healthy social, emotional, cognitive and physical development for children of families in the Three Rivers Area of South Deschutes County. New Generations provides childcare and educational programs to children ages 6 months through 8 years. The organization is partnering with Neighbor Impact to provide a Head Start program in its facility. The families Head Start serves are those most vulnerable and of greatest need. The program enables these children to enter kindergarten ready to learn and with developed social skills. New Generations relies on the generosity of the community for support through fundraisers and designated giving. For more information, visit newgenerationssunriver.org.
